

GitHub and Other Hosting Providers

TOTAL POINTS 5

1. Select the correct statement. GitHub:

1 point

- ☐ Is maintained by The Linux Foundation
- ☒ Is a private company acquired by Microsoft in 2018
- ☐ Is maintained by the GNU project (its name starts with "g" is the clue)

2. Sites that offer services similar to GitHub include (select all that apply):

1 point

- ☒ GitLab
- ☐ Google
- ☐ The OpenStack Foundation
- ☒ GitKraken
- ☒ Launchpad

3. When using a GitHub public repository:

1 point

- ☒ Anyone on the Internet can download the data, but only authorized collaborators can upload information and modifications
- ☐ Anyone on the internet can download the data as well as upload information and make modifications

4. To use Git, you:

1 point

- ☐ Must be using Linux
- ☒ Be on any operating system and version that has Git installed, and almost all do

5. To use GitHub and the other sites that provide repository hosting:

1 point

- ☐ You must work from a graphical interface
- ☐ You must work from a command line
- ☒ You can work from either a graphical interface or a command line
